Swan Mill Paper Company Ltd

WELCOME to our Christmas 2022 catalogue. We know that the last two Christmases have been hugely disrupted and we hope that this one will be a much needed opportunity to come together and celebrate with friends, family and colleagues and put the events of the last few years behind us for a while. To aid this we have updated our range once again and we are proud to launch our comprehensive Christmas offer which we think will satisfy all your Christmas cracker, tableware and party products' design, range and price point's requirements.

As part of the evolution of our offer and also our commitment to improving environmental sustainability, we have continued to remove single use plastic items from within the crackers and have a vastly expanded FSC® certified range with different paper and card options. In addition, we have introduced some wooden lines into our cracker contents whilst retaining the old favourites which people like to take home such as screwdrivers and tape measures to continue to offer the customer value.

Additionally, we have introduced for 2022, our very popular mix and match offer with new glitter free options on page 21 and we are also continuing our work with the fantastic Children with Cancer charity and that is featured on page 18.

We have new tableware collections including our very popular Seasons Greetings range. This comprises of a comprehensive range of napkins and table coverings on page 9 which will coordinate with and complement many of our crackers across different sizes and content options. In addition, we are proud to be able to say that our napkins and table coverings are manufactured at our factory in Swanley, Kent.

Swan Mill has been specialising in designing, making and supplying Christmas to the catering sector for over 35 years. Our team prides themselves as experts in this sector so please contact us for more information as we are sure we have all the products you need to fulfil your requirements in this incredibly important season.
