*Changing the way we think about sustainable cleaning*

## Stop cleaning with regular mops and start i-mopping

Discover the power of the i-mop, our key invention that has transformed the cleaning industry for over a decade. The i-mop tackles even the toughest tasks, enhancing productivity and ensuring spotless results every time.

### i-mop 36

Designed for businesses that need an effective, budget-friendly cleaning solution.

i-mop 36  
Code: 37433

### i-mop 40

New gen i-mop. Designed to handle demanding cleaning tasks in small spaces. Combining modular construction with ergonomic design, it ensures effortless operation and superior cleaning results.

i-mop 40  
Code: 37434

### i-mop 40 Pro

Built for the toughest environments, this new-generation i-mop is your ultimate cleaning solution. From high-traffic areas to chlorine-heavy wellness spaces, it delivers unmatched durability and precision.

i-mop 40 Pro  
Code: 37435

Ideal for:

**Daily Cleaning, Degreasing & Deep Cleaning**

## Why i-mopping?

**Faster** Cleans 75% faster than traditional mops and 20% faster than similar-sized scrubber-dryers.

**Cleaner** Counter-rotating brushes make surfaces 90% cleaner than manual mops, proven by ATP

**Greener** Efficient use of water and cleaning agents, lowering environmental impact by 75%.

**Safer** Dries floors almost instantly which significantly reduce slip and fall hazards.

## Vacuum in a way that fits your environment

Discover the vac family, our innovative range that revolutionizes vacuum cleaning. Whether battery-powered or corded, the vac family offers tailored solutions to meet every cleaning need, enhancing efficiency and air quality.

### vac 5 Basic

*Essential power for commercial cleaning with vac 5 Basic*

This no-frills vacuum is ideal for companies handling their own cleaning. With sturdy suction and easy mobility, the vac 5 Basic covers essential cleaning tasks like offices and carpeted areas effortlessly, making it a solid choice for those seeking dependable, affordable performance.

Machine Code: 37437  
Replacement Bags: 37438

### vac 30UR

*Make cleaning effortless with*

The vac 30 UR is an excellent choice for professional cleaners who need a durable, high-performing vacuum that offers versatility across different floor types, effective filtration, and user-friendly operation. With its telescopic wand, it easily reaches high areas and provide an ergonomic way of operating the machine so the cleaner can enjoy convenience and comfort at once.

Machine Code: 37439  
Replacement Bags: 37442

### i-move 2.5B

*Compact machine, but powerful cleaning with i-move 2.5B*

The i-move 2.5B is a battery-powered vacuum cleaner. It's the little brother of i-move 4B. Despite its small design and weight of only 5.28kg, the i-move 2.5B has ample power of 250 watts and a quite generous dust bag capacity of 2.5 litres. It's your ultimate little helper in smaller spaces and turns hard to reach places into easy to reach places without a sweat or sore back.

Machine Code: 37443  
Replacement Bags: 37444

## Cordless power scrubbing with the i-scrub

Equipped with an adjustable head & 360° of free-range motion, the i-scrub can reach any area quickly and get it clean efficiently

**i-scrub 21b handy**  
Code: 37432

**i-scrub 21B**  
Code: 37431

### i-scrub 21B

The i-scrub 21B takes away the need to bend or kneel to clean corners or hard to reach areas you can't clean with regular floor cleaning machines. It is equipped with two brush heads, for higher mechanical power and cleaning narrow gaps in sturdy areas. The adjustable head can rotate in 360° and is so flexible you can clean at any angle; may it be horizontal or vertical. Start scrubbing everywhere and anywhere.

### Why i-scrub 21B?

**Faster** The telescopic pole, adjustable head and 360° of free motion it can reach any area quickly and can be adjusted get any area clean.

**Cleaner** With the powerful 400 RPM engine it allows the user to scrub any surface with extreme power. Even in handheld position.

**Greener** The i-scrub 21B is supplied with a powerful battery that lets you clean for at least 2 hours.

**Safer** The i-scrub 21B takes away the need to bend or kneel to clean corners or hard to reach areas you can't clean with regular floor cleaning machines.

## Efficient autonomous vacuuming co-botic 1900 Drop & Go

Co-designed with cleaning professionals for optimal performance and ease of use.

### co-botic 1900 Drop & Go

The co-botic 1900 Drop & Go cleans floors with precision, allowing you to focus on more complex tasks. Co-designed with cleaning professionals, this compact, powerful, and fully autonomous machine delivers consistent, high-quality results every time.

#### co-botic 1900 Drop & Go

Code: 37436 (machine only)  
Code: 37446 (2 batteries required)  
Code: 37447 (battery charger)

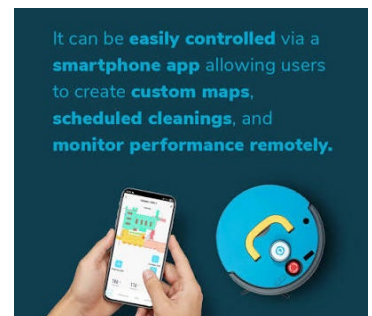

It operates **smoothly** during busy hours, keeping **public spaces clean** without disturbing guests.

#### Consistent cleaning on every floor

It cleans both **hard floors** (tile, vinyl) and **soft floors** (carpet). The brush adapts easily to **uneven surfaces** for consistent results.

It can be **easily controlled** via a **smartphone app** allowing users to create **custom maps**, **scheduled cleanings**, and **monitor performance remotely**.

It offers up to **5 hours of runtime**. The **swappable batteries** ensure cleaning can continue with **minimal downtime**.

It uses just **50W** in **Eco Mode**, making it **energy-efficient**.

Its **modular design** makes **repairs easy** and helps extend its overall **lifespan**.

### Why co-botic 1900 Drop & Go

**Faster** Vacuums autonomously, freeing up time for other cleaning tasks.

**Cleaner** Industrial-grade suction and self-leveling brushes deliver a more consistent clean.

**Greener** Consumes just 50W in Eco mode, compared to 750W for manual vacuum cleaners.

**Safer** Cord-free, ergonomic operation reduces staff strain. Less emission due to the anti-microbial dust bin with HEPA 11 filter.
